

Parry Sound Golf and Country Club
Membership Incentive Program

Background:

The golf industry has undergone dramatic change over the past several years, locally manifested in a reduction in our Club membership numbers. Your Board volunteers and staff continue to manage your Club in the most cost-effective manner possible while retaining and improving the product we offer to you and our green fee guests.

The Parry Sound Golf and Country Club is **your** club and the Board hopes you will join them in an effort to attract new members to what we all feel is **"The Best 6,000 Yards You Will Ever Play"**

The Incentive:

The incentive offered to members in good standing is a \$100.00 credit towards their membership dues for each new adult member they recruit. The credit is applied against the member's fees for the season following the year in which the new member joins. Bring as many new members as you can. Should your accumulated incentive credits exceed your membership dues, you may transfer the excess incentive dollars to any other member in good standing to reduce their fees. There is no cash value attached to this incentive.

How it Works:

Pick up a membership form at the Pro Shop or download it from our website, parrysoundgolf.com. When the new member fills it out, make sure the sponsoring member's name is included in the appropriate section. By all means bring along your "newbie" to meet me and my staff and be officially welcomed to the Parry Sound Golf and Country Club.

You joined the Parry Sound Golf and Country Club for a variety of reasons; the love of the game, the spectacular property you have to play it on, the league play, Ladies Day, Men's Day, Seniors' Monday, Friday Night Mixed, our Club Championships, the tournaments, the camaraderie and the fine food and spirits available for you to enjoy. This is **your** club and we hope you can help the Board and staff grow our membership base.

Regards

Alan Crocker, CPGA
Head Professional/Manager
