

Testimonials

"After struggling most of the summer, I decided to take a lesson from Alan Crocker (Class 'A' Professional - PGA of Canada). After one lesson, my golf game improved dramatically. I should have taken this lesson 3 months earlier. Alan took his time and patiently explained the problems and drills to fix my poor swing." - JB

"To all you golfers and learners, if you have a problem with your golf game as I did, have a lesson with Alan Crocker. He is a very patient and experienced teacher. My problem was sending the ball left all the time. Watching my swing, he solved my issue by changing the club face angle at impact and after that I was hitting the ball down the middle and straight! In fact, in hitting the ball correctly got my Hole-In-One on the 10th! Thanks Alan you are the 'Butch Harmon' of Parry Sound Golf Club." - TL

Just wanted to let you know that my son and I just had our first lesson with Ryan yesterday. Neither my son nor I have ever golfed before and I was worried about whether or not my son would like it.

Ryan was fantastic!! I will be recommending him to everyone I talk to!
He dealt with each of us in a way that we could relate to. He was so knowledgeable and patient and personable. It was a really fun lesson and we learned a lot!

My son is already asking to get back out to the driving range today, and has asked me to get him a Junior membership for the golf club. While looking at the website to get the membership application form I saw that I could give input to the Board...so just wanted to make sure that you knew that the PSGCC is really lucky to have Ryan!!

We are looking forward to our next lesson with him.
Thanks,
TB
