

## Covid-19 Rules & Regulations at PSGCC

If you plan on enjoying a round at the Parry Sound Golf and Country Club, please make yourself familiar with the following Rules and Regulations for everyone's health and safety. We want to thank our members and guests for your patience and understanding. We are committed to making this experience as enjoyable and as safe as possible!

### Booking your round

- Call the Pro Shop at **(705) 342-5262** or visit us online at [www.parrysoundgolf.com](http://www.parrysoundgolf.com) to check for availability.
- We encourage as many golfers as possible to **pay in advance** for their round. This will minimize delays when you arrive at the course and reduce the number of people having to enter the Pro Shop for payment. Please call the Pro Shop at (705) 342-5262 to book and we can process your payment over the phone or you can pay online via our website [www.parrysoundgolf.com](http://www.parrysoundgolf.com)
- **No** walk ons are permitted at this time.
- Please be aware that power carts and pull carts are limited. Carts will be based on double occupancy. If a single rider is required, a surcharge may be applied. Masks must be worn while inside the cart if riding with someone who is not from the same household.
- **Priority** will be given to **cart members** when booking. We apologize in advance if you are unable to reserve a cart for your round.
- Our Driving Range will be open from 8:00 a.m. Golfers will be spaced apart to encompass social distancing. There will be no buckets, thus eliminating touch points. Instead balls will be placed in pyramids and spaced at least six feet apart. If there are too many people at one time some will be asked to remain in their vehicle or come back at another time. We urge all golfers to heed the advice and direction from our range attendant at all times. Anyone not adhering to proper distancing will be asked to leave. Please **DO NOT** congregate in groups in the practice facility parking lot. Once your practice session is over please leave immediately. Thank you.

### On Arrival

- Golfers should **arrive** in our car park **approximately 15 minutes before** their tee-time. If too early please remain in your vehicle until closer to your tee-time to aid with social distancing and reduce crowd gathering.
- We encourage golfers to drive up to the **bag drop area** by the clubhouse and unload their golf bags. Our Starter will guide you as to where to put your bags. You will be responsible for handling your own golf bag and loading it on a power cart (where applicable).
- Once you have dropped your golf bags off please drive your vehicle back to the parking lot.
- Our shuttle service will **not** be in use at this time so you are expected to walk back to the pro shop. Sorry for the inconvenience.

- Make sure to **register** in the Pro Shop even if you have pre-paid. We will only allow a maximum of **two customers** in the shop at any one time, so if all the golfers in your group have pre-paid, please just send in one person as a representative to announce your arrival for your tee-time.
- If you haven't pre-paid, please make sure to keep your social distance of **six-feet apart** and pay **at the counter**.
- Your power cart **key** (where applicable) will be **issued by the pro shop** attendant.
- You will also be notified of our daily cart rule, i.e. Cart path only; 90-degree or Scatter.
- Our Starter will provide you with a scorecard and pencil. Please keep your pencil after the round as we encourage you to re-use this when you play again.
- Please follow the direction of our staff and the signage on-site for your safety.
- Credit and tap payments will be encouraged, but cash payments will still be accepted.
- Please wait for our Starter to give you permission to head to the first tee.
- Dependent on Covid restrictions at the time of your visit, the Clubhouse will have capacity limits to ensure social distancing.

### On The Course

- Please obey the social distancing rules keeping yourself at least six-feet apart from your playing partners at all times throughout your round.
- To eliminate touch points on the course we have removed ball washers, rakes and benches.
- Flag sticks must remain in the holes (no removal to putt). We have placed a device in the cup at a height that will allow the ball to drop into the cup but not too deep so as to allow you to retrieve your ball easily without touching the flag stick.
- As there will be no rakes in the bunkers we encourage golfers to smooth out their footprints as best as possible with their feet. We understand that the lie in the bunker may not be as good therefore you can place the ball in the bunker. Or, if your playing partners are feeling particularly strict then play it as it lies.....Good luck!
- Please keep your distance from other groups on the course and keep the pace of play going. Most golfers should complete their round in under 4 hours.
- We will be sending a Play Co-ordinator around the course to help enforce pace of play, social distancing and liquor licence rules.
- Golfers can order food and beverage from our restaurant by calling (705) 938-1980. This can be picked up at the turn. Our Take-Out menu will be posted on the board by number 9 Tee and in the shelter by number 17 tee. Our Starter will also have these menus available before you start your round. A beverage cart will be in operation around the course on most days.
- Washrooms are available at our Clubhouse. We encourage one person at a time to enter the building for this purpose. Also our on-course washrooms will be available.
- Please remember we **DO NOT allow any outside alcohol on the course**. Only drinks bought at the course are allowed under our liquor licence. No open cans or bottles are permitted in the car park. Anyone found to be in breach of these rules will be asked to leave the course with no refund.

### After your round

- On completion of your round, please refrain from gathering in a group and promptly head to your vehicle in the parking lot.
- If riding on a power cart, please return it to the wash station so that it can be disinfected and washed ready for the next golfer. Golfers will be responsible for the disposal of their own garbage, using the bins provided. This will help our cart attendant to eliminate touch points.

- If returning a pull cart, please follow the same guidelines for power carts and park it by the wash station.
- Please head to your vehicle and leave the parking lot in a prompt manner. We cannot allow gatherings to take place in our car park.
- We appreciate there are a few more rules to follow than normal, but if we all manage to play our part we can help eliminate this virus and keep us all safe and well.

***Thank you for playing Parry Sound Golf & Country Club***  
***"The Best 6,000 Yards you will ever play"***

We look forward to seeing you again soon.  
Stay Safe.
