

Parry Sound Golf & Country Club

Members' Season Bookings

In addition to regular booking privileges, Club members may reserve one weekly tee time for the entire season, subject to the following restrictions:

1. Members must make individual requests, but only groups comprised of at least two Club members are eligible.
2. Requests must be submitted before the cut-off date via the Club website. Staff are not authorized to submit requests on behalf of members.
3. Requests must specify a day of the week (except Thursdays) and a tee time. Final times will be assigned by the Club after compiling all submitted requests.
4. An assigned season booking on a particular date may be varied by the Club up to 48 hours in advance to accommodate a guest group booking involving 8 or more players. The members assigned will be notified when this occurs.
5. A member who registers to play in a recognized weekly group (Monday ladies, Tuesday men) has used their one season reservation for that purpose.
6. Assigned season bookings will not apply to the Friday evening Mixed scramble, and may be preempted on a particular date by Club tournaments.
7. Season bookings with less than four players may be combined by the Club with casual bookings or other season assignments.
8. The Club's No-show policy applies to assigned season bookings.
