PARRY SOUND
GOLF & COUNTRY CLUB • EST. 1929

Membership Policy

For the 2027 season, membership in the Club has been capped at 500 total for all classes other than Juniors. (i.e. Adults, Couples, Intermediates and Students). Current members are guaranteed renewal acceptance, provided their application is received and membership fee paid in full on or before **March 1st, 2027**. After March 1st, membership will be open to everyone, and applications will be approved in the order received, starting with our 'paid' wait list, until the cap is reached.

After the cap is reached, subsequent applicants will be given the opportunity to be placed on the wait list. To be placed on the wait list, applicants must submit a non-refundable fee of $500.00. This amount will not be deducted from future membership fees. However, upon receipt of the wait list payment, the Club will provide the applicant with two complimentary green fee passes, each including power cart rental.

Wait-listed applicants will be offered, in order, the opportunity to acquire membership when vacancies occur. If this occurs in-season, the membership fee will be pro-rated. If there are vacancies below the cap level in the next membership cycle, (i.e. after renewals) wait-listed applicants will be given priority. In either case, applicants must respond to the offer and pay the appropriate membership fee immediately, or else be removed from the wait list.

Deferral Policy

In the event that a member is unable to play golf due to a medical condition, a doctor's note must be provided. Under such circumstances, the member has two options:

1. Defer Membership: The member may defer their membership to the following year, thereby retaining their membership status.
2. Request a Pro-Rated Refund: A refund may be granted based on the number of months remaining in the golf season with the option of retaining membership status.

We appreciate your understanding and cooperation in maintaining a fair and structured membership process.

5.6A MEMBERSHIP REFUND POLICY

Motion REVISED March 18, 2026

The Board discussed pro-rated refunds of membership fees upon request from members.

A refund to be issued to a member for medical reasons must accompanied by written medical documents from a certified Medical Doctor at the time of request.

From time to time there may be special reasons for a refund request, e.g. member moving away. These requests will be brought to Board to be dealt with on an individual basis.

This policy is available to full members in good standing only.

Pro rated refund as follows:

- May 15 full refund
- June 15 less 20%
- July 15 less 40%
- August 15 less 60%
- September 15 less 80%
- October 0%
-

A refund will not be issued if said member has played 25 games or more, prior to the refund request.

If Club membership has been capped at the time of refund request by a full member, said member may also request their membership position be deferred as per policy # **5.0 MEMBERSHIP – CAPPING PROCEDURES.**

The Board reserves the right to refuse a refund request at its discretion. All refunds must be approved by the Board prior to being issued.

This policy is to be implemented for the 2025 Season.
